Please contact the Clerk/Treasurer for more information and to obtain the building permit. Building permits are good for one (1) year.

PLEASE PLAN AHEAD...Building permits for garages, storage sheds, or any other type of outbuilding or home addition require you to have Sheboygan County Planning's approval first. This process can take time, make arrangements before you start construction so delays won't cause you any inconvenience. Their number is 459-3060. They will need a drawing of the new building along with the existing buildings. After you receive their approval, the Town can issue a building permit.

Reminder - Snow Removal Season is Here

DO NOT plow snow across the road or into the opposite ditch. Shoveling, blowing or plowing snow from driveways or parking lots into town roads (including pushing snow across the road) can cause serious traffic hazards. Plowing into the public roadway creates unnecessary hazards for motorists and pedestrians and causes increased time and effort into cleaning or re-plowing the roads. This is a safety issue and re-plowing is **NOT** a good use of tax dollars!
